**2023 YOUNG FILMMAKERS
2022 COMPETITION**

MARCH 3-12, 2023

**FREE ADMISSION
(DONATIONS WELCOME)**

WELCOME TO THE 13TH ANNUAL COASTLINE CHILDREN'S FILM FESTIVAL

Thirteen years ago we were inspired by the 8½ FOUNDATION. Founded by Tilda Swinton and Mark Cousins, its mission is to make great films available to young people everywhere:

"And we have noticed over the many hundred cinema journeys we have taken that our most memorable may be made many decades ago, may be made without color, may be with subtitles or not a single spoken word."

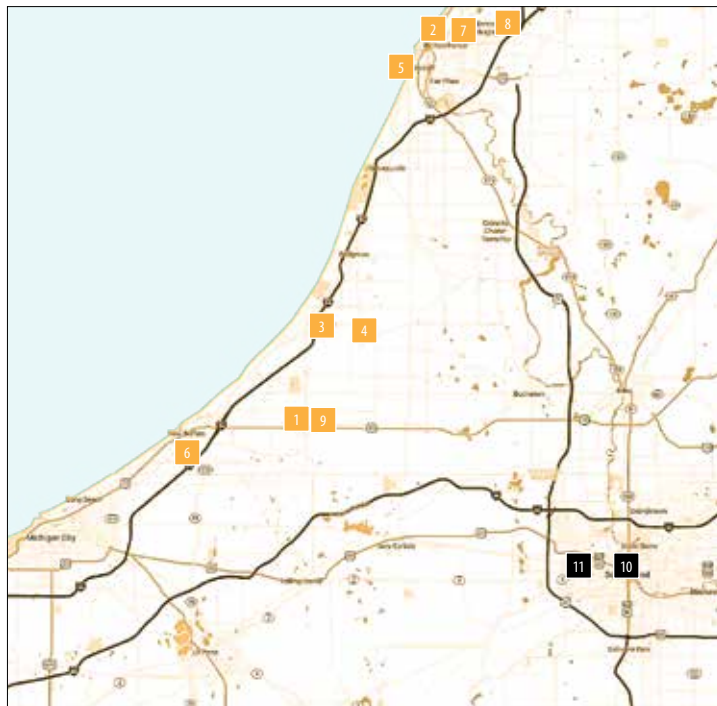

That idea became our mandate; our manifesto. For 10 days, we invite you to enjoy a selection of full-length features, documentaries, short films and classic silent films all for FREE.

The festival kicks off **FRIDAY, MARCH 3** with an **OPENING NIGHT COSTUME PARTY** at the Krasl Art Center. Come as your favorite animated character and you could win a prize for the most creative costume. Festivities begin at 6pm with popcorn, cupcakes from Bit of Swiss and a music program featuring the First Grade Choir from Watervliet South Elementary led by **BRANDON MATTSON**. **KID FLICKS ONE**, a selection of shorts from the New York International Children's Film Festival (NYICFF), begins at 7PM.

The **YOUNG FILMMAKERS COMPETITION (YFC)** premieres at the New Buffalo Township Library on **SATURDAY, MARCH 4** at 1PM. This year's competition features nearly two dozen short films by young visionaries from more than 10 states. An additional screening on March 8 at the Coastline Children's Film Festival (CCFF) storefront at 6pm is the last opportunity to vote for the Audience Favorite. Awards will be presented, red carpet style, on **FRIDAY, MARCH 10** following the 6PM screening at The Oak Room at The Citadel.

Other events include a **NIGHT HIKE & OWL PROWL** at Sarett Nature Center, **GATHER & KID FLICKS** – with music by **BRANDON J. WOODCOX** at the Friends of New Troy Community Center, and an **OPEN HOUSE** at the CCFF storefront. We're thrilled to share the award-winning documentaries *Free Puppies*, *Scrap and Sunken Roads*. In addition, we're excited to announce an encore screening of the civil rights documentary – *MIGHTY TIMES: THE CHILDREN'S MARCH*. Last, but not least, **DR. LARRY SCHANKER** will provide improvisational piano accompaniment for two silent films — *The Blue Bird* (1918) and *I Was Born, But...* (1932) which close the festival when we return to The Acorn Theater on **SUNDAY, MARCH 12**.

ADMISSION IS FREE - DONATIONS WELCOME

But when a 13-year-old boy ends up with one that doesn't work, his attempts to teach it become a hilarious, heart-warming exploration of what real friendship means in a world of algorithms and social media. Free Puppies USA

2022 | 70 MINUTES | AGES 10+

Millions of rescue dogs from the rural South have been transported to new homes thanks to the tireless efforts of a grassroots network of dog rescuers. When Hurricane Katrina left more than 250,000 pets stranded, the infrastructure of modern pet transport for a nation-wide dog rescue effort was born. Since then, individual volunteers, transporters, shelters and rescue groups have created a movement to place millions of southern dogs in areas of the country with high demand for adoption but low supply. It is the true story of where those dogs came from and the challenges facing a group of intrepid women rescuers working together to save them.

MIGHTY TIMES: The Children's March USA

2004 | 41 MINUTES | AGES 12+

May 2, 1963, the young people of Birmingham, Alabama took to the streets to bring segregation to its knees. Their heroism in facing down fire hoses and police dogs for the sake of human rights complements discussions about the ability of today's young people to be catalysts for positive social change. The Unified Civic Monuments Project is an initiative to commemorate social justice and honor the historic legacies of Benton Harbor and St. Joseph, Michigan. The project will place a total of 4 monuments. Two monuments (one in each city) will represent civil rights leader Dr. Martin Luther King Jr. Two others will honor a historic figure from each city.

SCRAP USA

2022 | 78 MINUTES | AGES 10+

Discover the vast and strangely beautiful places where things go to die and meet the people who collect, restore, and recycle the world's scrap. This cinematic documentary tells the story of people who each have a deep connection to objects that have reached their 'end of life'. Together these stories convey a deeper environmental and human message about our relationship to things, the sadness we feel at their eventual loss, and the joy that we can find in giving them a new purpose. SCRAP scratches beneath flaking paint and rusting metal to reveal the beauty and pathos in the ugliness we leave behind. This film raises awareness about the fate of the things we use and explores how artists, and other creative thinkers, can be part of finding usefulness in the things we discard.

Sunken Roads: Three Generations after D-Day USA

2019 | 94 MINUTES | AGES 12+

Don McCarthy was 20 years old on D-Day, when his infantry division landed on Omaha Beach. Don and the other veterans who survived D-Day will someday soon have passed into memory and legend. This realization inspires 20-year-old filmmaker Charlotte Juergens to join Don and seven other D-day vets on a journey to France - a commemorative pilgrimage to Omaha Beach for the 70th anniversary of the invasion. The vets come to see Charlotte as a granddaughter, trusting her with their stories as they confront the trauma that still haunts them 70 years after the war. In capturing their lives, Charlotte's film offers a new, intergenerational perspective on D-Day, presenting the memories of 90-year-old combat veterans through the eyes of a 20-year-old woman.

The Blue Bird USA

1918 | 81 MINUTES | AGES 6+

Beautifully preserved with its original color tints, *The Blue Bird* was rescued from decomposing elements by the George Eastman House as part of the "Saving America's Treasures" program. Based upon Nobel Prize winner Maurice Maeterlinck's play this delicate dream of a film takes two young children (Mytyl & Tyltyl) on an allegorical voyage. This film excels in realizing the aspects of Maeterlinck's play with wide-eyed, guileless gusto: the spirits and fairies, the living souls of everyday objects like bread and milk, the Cathedral of Happiness, and more.

I Was Born, But... JAPAN

1932 | 90 MINUTES | AGES 10+

One of Ozu's most popular films, *I Was Born, But...* is a blithe portrait of the financial and psychological toils of one family, as told from the rascally point of view of a couple of stubborn little boys. For two brothers, the daily struggles of bullies and mean teachers is nothing next to the mortification they feel when they realize their good-natured father's low-rung social status. Reworked decades later as Ozu's Technicolor comedy *Good Morning*, it's a poignant evocation of the tumult of childhood, as well as a showcase for Ozu's expertly timed comedy editing.

- I Was Born, But... with live piano music from Dr. Larry Schanker | 4PM

Films invite us to explore identity and challenge perceptions. They distill our sense of beauty and often tell the truth. Great films provide powerful opportunities to imagine a different world and enable us to become more compassionate and imaginative.

We seek out stories that can engage and inspire youth. Film matters for the same reason all art matters. We want to create the conditions for young people to experience meaningful, life-enriching stories unfolding on screen. Through what is now a 13-year effort in this area, we are convinced these young adults will develop a film vocabulary, and as they mature, film can become their currency for real intellectual debate.

Seeing a movie can be like a visit to a wonder-filled land we may never come across in our daily lives. The best films provide a place where we are all invited- no borders, no visas required, and no possibility of being excluded or exiled.
